

# COLOSSEUM RETAIL PARK PUBLIC CONSULTATION

We are at the initial stages of drawing up proposals for the redevelopment of the Colosseum Retail Park, rethinking the site to replace the existing retail units and create a new pedestrian friendly local centre including homes, jobs and public spaces. The development is anticipated to take place in phases, starting in approximately 2022.

A public consultation is being held to give the local community an opportunity to discuss the proposals with the project team at an early stage in the process.

The consultation will take place at **Southbury Leisure Centre, 192 Southbury Road, EN1 1YP** on:

- **Tuesday 20th November, 3pm-8pm**
- **Saturday 24th November, 10am-2pm**

Please do come along to talk to us about your views on the plans. Information will also be available on the website from 26th November:
